Flash Mob in *Jom Membaca 10 Minit* National Reading Programme

About 80 students from PSA floored the guests and participants at the National Library with their amazing flash mob performance during the Jom Membaca 10 Minit National Reading Programme on 24 April 2019. Officiated by Datuk Isham Ishak, the Secretary General of Ministry of Tourism, Arts and Culture Malaysia, the flash mob performance saw our students dancing away for the theme song 'Budaya Membaca' and 'This is Me'. It took sheer determination and grit for the students to ace the performance with very minimal practise as the final exams were around the corner. Bravo!

*'Whenever you read a good book,
somewhere in the world a door opens to allow in more light'
(Vera Nazarian)*

Thank you to the National Library of Malaysia for organizing this significant event to help cultivate reading habit among the people.

Moving Forward for LI Students

A special programme was held for the students returning from industrial attachment by CISEC on 30 April 2019. The primary focus of this programme was the marketability of PSA's post-industrial attachment students. Talks by the industries were given by Yayasan Pendidikan Malaysia and Meritus University representatives. Exhibition booths and interview sessions with agencies were also held.

“A bright future lies ahead for technical and vocational training (TVET) graduates who can easily secure jobs.

In 30 years' time, we (ministry) aim to produce a workforce made up of 30% TVET graduates who would become highly-skilled employees”.

Teo Nie Ching
Deputy Education Minister
