Motto

Preferred Polytechnic

Vision

PSA as the leader in industry-relevant TVET

Mission

To produce holistic graduates with entrepreneurial potentials by providing access to dynamic, quality and recognized TVET programmes through a responsive curriculum.

POLYTECHNIC SHORT FILM FESTIVAL 2017 (PSFF 2017)

13th October 2017 denotes a significant day for PSA as we were given the honour to host Polytechnic Short Film Festival 2017, the first ever in the polytechnic history. With a firm collaboration with The National Academy of Arts Culture & Heritage (ASWARA), PSA welcomed all Malaysian Polytechnics film lovers to partake in the festival. Officated by Prof. Dato' Dr. Mohd Ismail Bin Abd Aziz, the Director General of Department of Polytechnic Education, this festival is undeniably a major success. This festival offers an opportunity for Polytechnic Malaysia students to share their thoughts and experiences, interest and skills in film making and produce a short film of any topic related to TVET based on the theme 'CERITA KITA'. 15 polytechnics were qualified to the final round and PSA was announced as the winner for The Best Script Award. A job well done PSA!

SISWAPRENEUR MEGASALES 2017

Siswapreneur Megasales 2017 is a platform introduced by the Malaysian Polytechnic Entrepreneurship Center (MPEC) to cultivate and foster the students' entrepreneurial and managerial abilities. With a remarkable and undivided support from students and staff of PSA, 35 business stalls were set up including stalls selling food and beverages, clothing and accessories, fashion and lifestyle, beauty and health, Information Technology (IT) and telecommunications, groceries and industries and 'preloved items'. What makes it more interesting is that, the stalls must be operated 12 hours non-stop in all polytechnics across Malaysia. Towards the end of the programme, PSA was announced to earn the highest sales (RM381,693) among all 34 polytechnics. A crowning achievement, it is!

Sell till they drop!

PUBLIC PRIVATE RESEARCH NETWORK AWARD (PPRN)

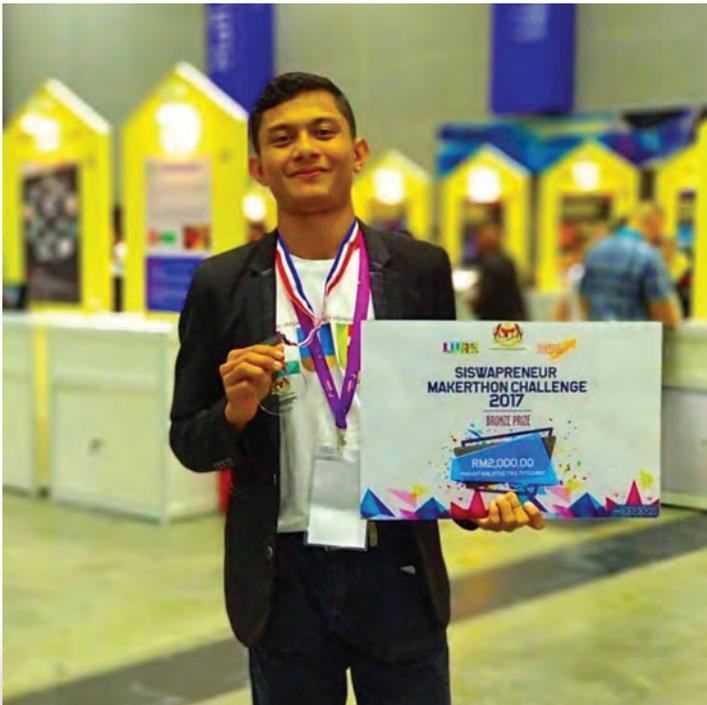

In regards to the institution’s involvement in PPRN, 2017 is indeed a very active year for PSA. Thus, it was such an honour for PSA to be acknowledged as the best solution provider by the Ministry of Higher Education as PSA was able to efficaciously elucidate and resolve the problems experienced by the industry in a short time at an effective cost. This outstanding award was presented by the Prime Minister of Malaysia at the opening of the Global Entrepreneurship Community Summit (GEC2017) on December 12, 2017 at the Kuala Lumpur Convention Centre (KLCC). This historical event was also witnessed by the Minister of Higher Education, the Deputy Minister of Higher Education, the Secretary General of DGT, the Secretary General of Treasury, Ministry of Finance Malaysia and the Director General of Department of Polytechnic Education. On top of this top-notch recognition, PSA brought home plaques and RM50,000 cash.

PSA : The best solution provider...

MOHE SISWAPRENEUR MAKERTHON CHALLENGE

GECCommunity Summit 2017 (GEC2017), an event organised with the sheer tenacity to shape global communities to drive future growth of entrepreneurship. 10 innovative students were chosen to represent PSA and bring glory to the institution by sharing their ideas and visions through the Markethon Challenge. Participants were required to bring forward their concepts and convince the judges on how their products can be commercialised. Nur Izzaty Binti Azman from JPG won the 1st place and brought back with her RM 5000, Abdul Rahman Bin Muhammad Razlan (JKE) won RM 3000 as the 1st runner up, and students from JKA, Muhammad Firdaus Bin Hassan Sabri and Maizatul Anisah Binti Zakaria won the 3rd and 5th place. As the theme of this spectacular event is ‘Designing the Future’, it is hoped that our students can continue contributing to a great future for Malaysia and the world.

Nurturing creative and innovative minds
